---

### TilPack v1.3

[TilPack v1.3](#) (203 Kb, zip-archive)

Utilities for unpack and create files TIL from Heroes 1 and Heroes 2 archives

[Source code](#) , Delphi 2006 (42 Kb, zip-archive)

### Heroes2w.exe with debug info

[Heroes2w.exe](#) (592 Kb, zip-archive)

This executable contains debug information with signatures of all functions and variables. It's version 2.0 and the last version is 2.1, but it that one doesn't contain such a gift from developers.
